

Capistrano Valley High School Foundation

California Native Gardens Fundraiser

California Native Gardens is an innovative fund raising program offering tools and resources to spread the message on conserving water through the use of native and drought tolerant plants. To get started, please proceed to the Native Gardens <http://www.calnativegardens.org/garden.html> section of the website to view the different gardens that are available. After choosing your garden(s), please proceed to the order forms page <http://calnativegardens.org/payment.php>

Be sure to order under the Capo Valley High School Foundation School/organization. All Spring 2008 orders will be shipped starting April 19 – mid-May by OnTrac directly to your door. Help the Capistrano Valley High School Foundation by purchasing a garden for yourself, your friends, and/or donate the garden to CVHS.

One of the CVHS Foundation's many goals is to see the construction of a theater at Capo. Thanks to your donation and support we are one step closer to making a theater a reality at Capistrano Valley High School.

For more information on the CVHS Foundation go to:

California Native Gardens

Sales Instructions

- The California Native Gardens sales process can be done completely over the internet.
- Send a blast email to your friends and family asking them to help support Capistrano Valley High School Foundation by purchasing a native garden.
- In the body of your email, send them the link to www.calnativegardens.org
- Your friends and family can log on to the website, choose their garden(s) and pay with a credit card right on line by choosing the on-line order form on the ordering page!
- The sales process will take you minutes to complete and you'll raise over \$10 per garden sold for the Capistrano Valley High School Foundation AND you are spreading an important message about water conservation!
- If you choose to donate a garden CVHS will receive a credit and the plants will be planted at CVHS on Beautification Day in the spring of 2009
- Have fun and call California's Native Gardens at 949.481.9090 if you have any questions about the products.
