Grant Application Form

The Capistrano Valley High School Foundation is dedicated to enhancing the educational experience of all CVHS students and ensuring that students have access to premier facilities so they will enter adulthood as leaders and competitive members of the 21st century. We invite teachers and administrators to submit grant requests to the foundation that will help in achieving this mission. Although we will consider a variety of submissions that meet our criteria, we like to focus on technology needs. In the past the foundation has purchased computers, Chromebooks, graphing calculators, cameras, pottery wheels and the ticketing program for the theater. **Please remember that all granted items become the property of Capistrano Valley High School and will be labeled accordingly.**

Please complete the information below and **submit to CVHS Foundation mailbox in the school office.**

1: Complete description of the item requested including all significant descriptive information and specifications, product numbers etc. where applicable and quantity requested:

2: Total cost **including tax and shipping:** _____

We require that all items be ordered through the District if possible. Please contact Karen Bucknam in the Guidance Office or email her at ksbucknam@capousd.org to obtain a written estimate and include it with this application. If your item(s) are not available through the District, please obtain and attach an estimate from a specific outside vendor.

3: Provide a written plan that specifically articulates how the item will be used to increase student engagement and student learning. Often we have more requests than we are able to fund and this plan will help us in the decision making process.

Teacher/Administrator Name: _____

Department: _____
